

COMPANY PROFILE

Company Profile

Rose Laboratories — Ayurvedic Pharmaceutical Manufacturing since 1983

Standardized Wisdom. Disciplined Science.

**COMPANY OVERVIEW**

Four decades of disciplined Ayurvedic manufacturing.

Rose Laboratories is a family-led Ayurvedic pharmaceutical manufacturing unit based in Fatuha, Patna, Bihar. Since 1983 we have manufactured classical and proprietary Ayurvedic formulations under certified quality systems — combining the fidelity of traditional pharmacopoeia with the discipline of modern, WHO-GMP compliant manufacturing.

Our story

Rose Laboratories began in 1983 when Ramesh Kumar Gupta and Usha Gupta set out to manufacture classical and proprietary Ayurvedic formulations with consistency and care. A single product line grew, year by year, into a certified manufacturing facility trusted by retailers, physicians and institutional partners across the region. Their insistence that traditional Ayurveda deserves the same rigour as modern pharmaceutical manufacturing remains the principle the company is run on today.
